RE: Petition to Revive
National Entry for PCT/CH97/00475, filed December 19, 1997
Priority Claimed: Swiss, 3141/96, filed December 20, 1996
Applicant: René L.J. Flükiger et al.
Title: PROCESS FOR MANUFACTURING AN ELECTRIC CONDUCTOR
WITH SUPERCONDUCTING CORES, AND THUS
MANUFACTURED CONDUCTOR

Sir:

It is respectfully requested that the United States portion of International Application PCT/CH97/00475, filed December 19, 1997, be revived, the same having become abandoned due to the non-entry into the national stage within 30 months from the priority date of the Swiss Application 3141/96, filed December 20, 1996.

Submitted are all of the items required for national stage entry under 35 USC 371, which constitutes the "reply" required by 37 CFR 1.137(b)(1), together with the applicable petition fee.

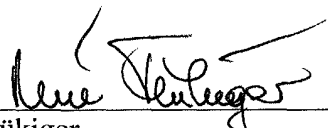

The entire delay in filing the required reply from the date for the reply, i.e., the June 20, 1999 due date for entering the national stage for the United States, until the filing of this petition was unintentional.
